THE EU PLANNING AND MANAGEMENT  
IN BLUE PLAN PROJECT

BLUE GROWTH - MARINE & MARITIME AFFAIRS

[WWW.NETECONSULTING.COM](http://WWW.NETECONSULTING.COM)

Net European Consulting organizes the **EU Planning and Management in Blue Plan Project** training course, in close cooperation with Federpesca and Federpesca Ricerca & Sviluppo associated with Confindustria.

Blue Growth is the long term European strategy to support sustainable growth in the marine and maritime sectors as a whole; in fact Member States are allowed to get funds in order to increase their investments.

The Blue economy represents a great opportunity for Member States, but to fully catch its potential it is absolutely necessary to have a good knowledge of the policies. Only by getting the adequate tools it will be possible to contribute to develop the sector.

The aim of this course is providing participants working in the different marine and maritime sectors related to the Blue Growth with skills to successfully work in the field of European project planning and management.

The teaching staff is composed by experts with over      years of experience in European cooperation coming from the Universities and from the Research National Institutes.

The training courses will last four days and will be held in Brussels at NetEC offices,      , rue de la Pepinière.

The overall cost is      , 0 euros TVA included
